

--That the FCC should not implement
any proposal that would lessen
Indiana's Telephone Privacy law
protections.

--My family time in my home is precious to me and do not want telephone calls
unless I ask for them personally. I have my phone so family and friends can
contact me not companies seeking something for their gain.

--The State's No-Call list has drastically reduced the amount of unwanted
phone calls to my home and I would greatly appreciate it if the FCC did not do
anything to counteract this unwarranted invasion of my privacy.
